

Silly Street

Welcome to our Silly Street Silly City!
We invite you to move right in. Look around the drawing for all the empty windows...they are JUST WAITING to be FILLED with neighbors! Draw yourself, your family, the whole class...whatever sparks your imagination. You could even INVENT creatures to live in the city. Nothing is stopping you, dear artist. Create away! And have fun telling stories about what you've done.

Also, please share your work! We would love to see all the new neighbors and beautiful artwork that you put into this fun scene. Instagram: @playsillystreet * Twitter: @playsillystreet
